Fairer Aberdeen Annual Report 2020-21

The Fairer Aberdeen Fund is allocated by Aberdeen City Council to tackle poverty and deprivation. The Fund is dispersed and managed by the Fairer Aberdeen Board, a subgroup of the Community Planning Partnership, made up of representatives from the regeneration areas, the Civic Forum, the Council, NHS Grampian, Police Scotland and ACVO (Aberdeen Council of Voluntary Organisations). The Fairer Aberdeen programme is aligned with the themes from the Local Outcome Improvement Plan Economy, Children and Young People, Adults and Place. In 2020-21 funding of £1,640,000 was made available to support work in priority areas and across the city with vulnerable groups and individuals.

Funding was awarded to 40 projects within the main programme, as well as a Community Support Fund to support community engagement, an Employment Support Fund to support costs associated with getting people back into work.

Grants ranged from £2,200 to £158,000 in value. A total of 36,252 people were involved in, or benefited from, funded initiatives, 10,094 of them were under 16 years old. 630 volunteers contributed 120,756 hours of volunteering time with a value of over £1.9m*.

In an unprecedented year the Fairer Aberdeen funded initiatives supported those most vulnerable to the impact of the Covid-19 pandemic. An additional £360,000, some of it Scottish Government Hardship funding, was allocated by the Board to 47 charities and community organisations to support an additional 11,500 people across the city.

*Volunteering time is generally valued as the median hourly pay rate in the area, in Aberdeen this was £15.77. (Office of National Statistics, the Annual Survey of Hours and Earnings (ASHE))

“Our thanks go to the Fairer Aberdeen Board for their support, and we look forward to continuing our vital Covid-19 support project that gives a helping hand to those in crisis.”

CFINE SAFE Disability Action

provides financial capability support for those affected by disability. Confidential non-medical advice is provided, as well as for their carers. Face to face appointments were stopped, but support continued by phone, virtual meetings, a mailing service and using the Near Me platform.

772 clients were seen, 107 of them reported financial gain of £2,220,412 an average of £20,751 per person

PATHWAYS

Pathways' service is normally based around one-to-one jobsearch support, delivered in local communities. As a result of the pandemic all local community centres and projects were forced to close to the public. In addition, Pathways' offices were required to be shut as much as possible.

To counteract this, it was necessary to shift all support to telephone and online support, with staff working from home wherever possible. Clients were supported through telephone or Zoom calls.

For long periods there has been a lack of vacancies, with many weeks where there are no suitable vacancies, or often vacancies advertised for very few hours. The emphasis when working with clients has had to switch to supporting people to maintain their morale (and to an extent their mental health), helping them to look at alternative types of employment and encouraging them to participate in as much online learning as possible to help them up-skill themselves.

With the increasing numbers of people being made redundant or losing their jobs there is also ever-increasing competition for the few jobs which are advertised. Many employers do not even acknowledge receipt of an application, which in turn is very demoralising for clients as they feel worthless if an employer cannot even be bothered to reject them.

A further impact of the pandemic has been on clients who have limited digital skills. This has meant that individual clients often require greater support in the completion of online application forms.

As things start to improve, we will be ready and keen to return to working in communities as soon as possible. Locally available face-to-face work is a vital element of helping people to regain their confidence in the job market and the Keyworkers are very keen to return to this.

They worked closely with Family Learning over the year, at a time when services were overwhelmed by the referrals of individuals and families in need of support around wellbeing and the impact of lockdown. They adapted by delivering sessions in community settings and aligning their work with the Fit Like Hubs. Outdoor learning took place at the Grove and live online events and video resources were provided. 271 people took part in sessions, 127 of them under 16 years old.

“For children who were not able to leave the house due to self - isolation, or whose parents were struggling to support their physical and emotional health, we provided extra direct support. This was on an individual needs basis and the support was provided in conjunction with education and social work (if social work were involved with the child). An example of support was fun, engaging activities the child could do at home, and we provided them with activity sheets and any materials required. Activities included simple baking recipes, craft activities, ideas on outdoor games or keeping fit. For some of the children we also purchased play equipment and general arts and crafts materials.”

BEFRIEND A CHILD

ACIS YOUTH COUNSELLING

Week 1

We noticed that those clients who accepted video or telephone counselling tended to need more than the originally planned 10-12 sessions as many of them were a great deal less well, especially during the second phase of lockdown over the winter. Generally we would state that many of our clients presented at the more 'worrying' levels of low mood, loneliness, isolation, suicidal ideation; self-harm, etc. and require counsellors to work at greater depth and to offer more sessions than we would normally ask young people to attend.

We also recognised that some clients grew increasingly more anxious as they noticed that we were looking towards a managed ending of contract and we had to be mindful of the young person's need in each single case. Frequently we would 'tail off' sessions gradually rather than have an abrupt ending, to allow the young person to take stock on how they coped for example, with a two week contract rather than a weekly one, moving to three weeks and finally once a month for a 'check in', to allow a more gradual weaning off from counselling generally.

This was not the case before the pandemic or, if it arose, only in isolated client cases, whereas presently the young people's NEED for support has grown more urgent, for sure.

The effects of lockdown have been profound, with many of our regular volunteers being required to shield. The response from the public has been incredibly positive, which contributed to keeping morale high during the darkest months of lockdown.”

Aberdeen Cyrenians won the accolade of Key Worker (Team) at the Evening Express Aberdeen’s Champion Award - achieved through all members of staff working together to be able to help our service users as much as possible in difficult circumstances. All staff have had to adapt to the situation and rose to the occasion, whether that meant working in the kitchen, making up food parcels, providing support over the phone or collecting and transporting donations. Police Scotland Operation Begonia is a joint initiative involving Police Scotland and partner agencies with the two aims of preventing sexual exploitation and supporting those who find themselves involved in selling or exchanging sexual activity. It provides dedicated, directed patrols with the aim of using a trauma informed approach to signpost those involved in sex work towards services and more positive destinations.

Begonia was set up to reduce harm to women and men involved in the on street sex industry and to protect communities from any real or perceived threat, risk and harm caused by prostitution.

During the year there were 305 separate interactions with sex workers. 12 new women were encountered through street work patrols and referred to partner agencies. Staff and volunteers were designated key workers and worked hard to ensure residents had access to essential supplies. They implemented new and innovative ways of providing access to food and sanitary products including home deliveries, some by e-cargo bikes, ‘Vegaroonitooon’ veg box scheme, a ‘personal shopping’ service for particularly vulnerable people, and the development of a new mobile pantry.

fairer
ABERDEEN
board

We are extremely overwhelmed and grateful to hear we have been successful with our recent funding application from the Fairer Aberdeen Coronavirus Pandemic Hardship Fund. To be awarded the full amount is totally amazing and I would like to thank every single person, who was part of the decision process. This funding will definitely help us to continue providing a crucial service to our community during the coronavirus pandemic.

Steven Lamb, Fundraising
Coordinator/Treasurer/Trustee, Northfield Community Learning Association SCIO

This funding enables us to carry on the work of supporting families with food and encouragement through this most difficult of times. It has come to us at a time when resources are low so is essential for us to keep serving our community. We are so grateful for your support.

Comfort Yates, Gerrard Street Baptist Church

We are so grateful to receive this incredible donation from the Fairer Aberdeen Coronavirus Pandemic Hardship Fund. The impact of the pandemic and multiple lockdowns has been felt hugely for many. For those already facing hardship this has had a disproportionate impact. Thanks to this generous funding we can truly make a difference for these families; not only by providing them with the essential items they so desperately need, but by alleviating some pressure and stress facing them during this challenging time.
